Look Good...Feel Better

Dr. Green and staff are deeply committed to helping patients feel and look their best. We have done extensive product and treatment research in an effort to provide our patients with the best options for safe and healthy restoration of their skin.

This month we are honored to announce that Lourdes & Ana have become Look Good... Feel Better (LGFB) certified volunteers! In addition, we want to introduce our newest program "Restore" available at both of Dr. Green's locations. Our goal is to "Restore" self-image and educate patients of the treatment plans available to help cope with appearance-related side effects of chemotherapy and radiation treatments on skin, hair, and nails.

LGFB in association with the American Cancer Society, is an educational public service that teaches beauty techniques to cancer patients to help them combat the appearance-related side effects of cancer treatments. LGFB is available to all women with cancer who are undergoing radiation, chemotherapy or other forms of treatment. LGFB offers 8,700 group workshops nationwide in more than 2,500 locations.

The Love Ball

Your facials and peels will help support animals in need! Lourdes & Ana will donate 100% of their October gratuities to The Love Ball - Montgomery County Humane Society's Annual Gala.

The Love Ball is one of the biggest fundraisers for everyone who loves animals - dogs, cats, rabbits, horses and more. Proceeds support vital animal rescue programs and services, including adoption, spay/neuter, education, foster homes and more.

Help celebrate thousands of animals who have found new homes and

support those still in search of **love**.
